

## Nuwash

### Solvent Cleaner

#### Description

An extremely powerful solvent based anti-bacterial cleaner for the removal of wet resins and certain other wet contaminants from mixing equipment, tools, concrete and metal surfaces.

#### Advantages

- Ready for use & easily applied to surfaces
- Excellent searching & penetrative properties
- Softening semi-cured resinous contamination
- Cleaner for equipment used with resinous systems
- Thinner diluent for resin primer coats
- Dissolves polystyrene formers used in concreting works

#### Technical Information

Type	Aromatic hydrocarbon solvent
Specific gravity	0.84-0.9
Flash point	>41°C
Boiling point	155-181°C

#### Application Instructions

Where heavy contamination is present Nuwash should be applied undiluted to the tool, equipment or surface then agitated, after which the surface should be wiped clean. Repetitive applications may be required depending on the nature of the contaminant.

Nuwash is used to keep float-faces free of resin, when installing resinous screeds and mortars, to improve the efficiency of finishing and closing surfaces.

Ensure precautions are in place to prevent Nuwash from entering any drainage systems.

#### Packaging

Nuwash is available in 5 and 20 litre drums.

#### Storage

Nuwash is flammable, due precautions should be made when handling and storing this material.

The shelf life is 12 months when stored unopened in dry, normal conditions and away from direct sunlight. Protect from frost.

#### Limitations

Not designed to removed well-cured and hardened resin.

#### Health & Safety

Product Safety Data Sheets (SDS) are available from Nufins. SDS sheets are provided to help customers satisfy their safe handling, use and disposal needs as well as assist with any conformance requirements made locally by health and safety regulations.

SDS are continually updated to provide the latest information to our customers. We therefore recommend contacting our head office to obtain the most recent and accurate SDS before handling and using any product.

#### Disclaimer

The information contained herein is to the best of our knowledge true and accurate and is given in good faith but without warranty. The user will be deemed to have satisfied themselves independently as to the suitability of our products for their own particular purpose. In no event shall Nufins be liable for consequential or incidental damages.

Users must always refer to the most recent issue of the Technical Datasheets, copies of which will be supplied on request.

#### Technical Support

Through our technical department and laboratories we can offer a comprehensive service to specifiers and contractors. Technical contacts are available to provide further information and arrange demonstrations.
